What was your overall first impression of the website?

It looked good but a little basic, there could be more information added to describe the projects.

Did you have any technical difficulties as you navigated through the pages and displayed the projects?

At first the images on the portfolio page took a little bit of time to load, but everything else seemed good.

What do you feel are the most effective design elements of this web portfolio?

The organization of the information on the pages looks good.

What would you suggest be changed with the design or content of this web portfolio?

Add more information to the projects.
